Markus Lindwurm alias 'Cygnotic'

Driven by a deep-rooted love for the synth-flavored sounds of the past, **Markus Lindwurm**, brainchild of **CYGNOTIC**, has meticulously crafted each track of **'Mortal Dreamers'** over 4 years, painstakingly creating an echo of a world inside, where you are unnoticeably pulled towards the evanescent web of time and space to blend into the lavish, harmonic melodies, swirling through the eternal depths and heights of uncharted waves of infinity. Drawing inspiration from iconic synth pioneers such as **Tangerine Dream**, **Jean-Michel Jarre**, **Vangelis** and **John Carpenter**, but also newer acts like **VNV Nation**, **Gunship** or **The Midnight**, just instrumental; **CYGNOTIC** seamlessly blends retro aesthetics with contemporary production techniques, offering a fresh take on the beloved genre of synthwave and electronic music in general.

„It is a hugely impressive piece of work, and subsequent listens will reveal further layers and melodies you missed first time around... Just as easily, you can find yourself mesmerized without even knowing it." [...]

TunedLoud about 'Cygns':

„The range of sounds, instruments, and syncopation are indeed impressive. “Cygns” is lush, multi-faceted, and delicious to the ears. Moreover, what sets this artist and producer, apart from his contemporaries, is that his arrangements are extremely musical. It's specifically for that reason, along with the consistent sound quality, that will keep me coming back to the music of CYGNOTIC.” [...]

She-Wolf über 'Cygns':

„Fazit 10 von 10: Auf eine verblüffend gekonnte Art, fusioniert Cygnotic auf seinem neuen Album Cygns, den zeitlosen Spirit der Analog-Synthesizer mit neumodernen Sounds und erschafft somit einen zeitlosen Elektro-soundtrack. Auf gut über einer Stunde Spielzeit, wird dem Electrohead so einiges dargeboten und so ist es auch kein Wunder, dass seit seinem letzten Album, ganze 9 Jahre Zeit vergangen sind. Cygns ist kein Album, das man nebenbei hören sollte, es will erlebt werden und das völlig zu Recht! Fans von Kraftwerk, Jean Michel Jarre und weiteren Bands, sowie Pioniere des elektronischen Musikgenres, sollten diesen Künstler unbedingt auf dem Schirm haben. Wer es noch nicht getan hat, sollte gleich das Album anhören, es lohnt sich!“

MusicNotez about ‚Cygns‘:

„The CYGNOTIC sound is atmospheric and out of this world. Intense melodies and hard hitting bass lines take you on a journey throughout the album. When music has no lyrics, the beat has to speak to you, this album hits that note every time, and is very well put together.” [...]

Extrakt von Musikzirkus aus der Album-Rezension für ‚Reflections From The Future‘:

"Freunde der melodischen Elektronikmusik werden bei diesem Album sofort auf ihre Kosten kommen, da neben einigen Anleihen, die in den Stücken zu hören sind, eine eigene Handschrift zu erkennen ist und bei der Musik vor allem sehr eingängige Melodien im Vordergrund stehen. Cygnotic ist für mich eine Entdeckung des Jahres 2008. [...]"

Stephan Schelle, 2008 (www.musikzirkus-magazin.de)

"Enthusiasts of melodic electronic music will be exalted and get into this album at once. Beyond some influences that are audible in the tracks an own musical style is evident with the focus on very gripping and catchy melodies. [...]"

Extract from RadioIndy for album ‚Through The Gates Of Nocturnal Sleep‘:

These eerie melodies are well produced and have a superb dynamic balance. If you are a fan of Electronic Dance/Trance music, then you will want to hear the captivating songs on the excellent album, "Through the Gates of Nocturnal Sleep.[...]"
